RE: AB 1404 and Neighbor Encroachment

Dear Senator Atkins,

Because your office continues to avoid answering my question:

*will you commit to fixing California's flawed "Good Neighbor Fence Act of 2013" —  
yes? or no?*

I have now posted it to a searchable public location online:

<https://she-philosopher.com/studies/California-AB-1404.html#Toni-Atkins-will-not-answer-constituent-question>

(*note*: this URL is case-sensitive)

to encourage the kind of transparency and accountability and truth-telling I believe our democracy sorely needs.

I would appreciate an answer to the above question *before* the upcoming 11/6/2018 election.

If and when you choose to answer me will become part of the permanent historical record I am compiling online.

Sincerely,

Deborah Taylor-Pearce
